

**EXTRACLASSROOM ACTIVITY FUNDS  
MANAGEMENT COMMENT LETTER**

Board of Education  
Newark Valley Central School District  
Newark Valley, New York

In planning and performing our audit of the financial statements of the Extraclassroom Activity Funds of Newark Valley Central School District (the School District) as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During our current year audit, we became aware of other matters with respect to internal control. This letter summarizes these comments and recommendations regarding these matters. This letter does not affect our report dated October 14, 2022, on the financial statements of the Extraclassroom Activity Funds of Newark Valley Central School District.
